4.1 Description of first aid measures

General information

In all cases of doubt, or when symptoms persist, seek medical attention. Never give anything by mouth to an unconscious person. If unconscious place in recovery position and seek medical advice. Remove contaminated clothing and shoes and launder thoroughly before reusing.

After inhalation

Product no.: 0075000

Current version : 2.0.0, issued: 28.04.2021

Ensure supply of fresh air.

Replaced version: 1.0.0, issued: 26.03.2020

When in contact with the skin, clean with soap and water. After eye contact Remove contact lenses, irrigate copiously with clean, fresh water, holding the evelids apart for at least 10 minutes and seek immediate medical advice. After ingestion Rinse the mouth thoroughly with water. Get medical attention if pain still persists. 4.2 Most important symptoms and effects, both acute and delayed No data available. 4.3 Indication of any immediate medical attention and special treatment needed No data available **SECTION 5: Firefighting measures** 5.1 Extinguishing media Suitable extinguishing media Product itself is non-combustible; adapt fire extinguishing measures to surrounding areas. Unsuitable extinguishing media No data available 5.2 Special hazards arising from the substance or mixture None known. 5.3 Advice for firefighters No special measures necessary. **SECTION 6: Accidental release measures** 6.1 Personal precautions, protective equipment and emergency procedures For non-emergency personnel Refer to protective measures listed in sections 7 and 8. Avoid dust formation. Ensure adequate ventilation. For emergency responders No data available. Personal protective equipment (PPE) - see Section 8. 6.2 **Environmental precautions** Is not allowed to be released into the sewerage or water courses. 6.3 Methods and material for containment and cleaning up Take up mechanically. When collected, handle material as described under the section heading "Disposal considerations". 6.4 Reference to other sections No data available. **SECTION 7: Handling and storage** 7.1 Precautions for safe handling Advice on safe handling For personal protection see section 8. Avoid the formation and deposition of dust. General protective and hygiene measures Avoid skin and eye contact. Do not eat or drink during work - no smoking. Wash hands before breaks and after work. Clean skin thoroughly after work; apply skin cream. Do not inhale dust. Remove soiled or soaked clothing immediately. Advice on protection against fire and explosion Avoid formation of dust. Keep away from sources of heat and ignition. Conditions for safe storage, including any incompatibilities 7.2 Technical measures and storage conditions Comply with legal health and safety regulations; Store in a dry place. Protect from atmospheric moisture and water. Requirements for storage rooms and vessels Always keep in containers of same material as the original one. Keep container tightly closed. Observe label precautions. Incompatible products

Do not store together with: oxidizing agents; Acids; Alkalies

7.3 Specific end use(s)

No data available.

SECTION 8: Exposure controls/personal protection

Region: GB

Product no.: 0075000

Current version : 2.0.0, issued: 28.04.2021

8.1 Control parameters

Occupational exposure limit values

No	Substance name	CAS no.	EC no.	
1	Dust			
	List of approved workplace exposure limits (WELs) / EH40			
	Dust respirable			
	WEL long-term (8-hr TWA reference period)	4 mg/r	n ³

	ecological compartment	Туре	Value	
1	Calcium sulfate		7778-18-9	
			231-900-3	
	sewage treatment plant	-	100	mg/L

8.2 Exposure controls

Appropriate engineering controls

Provide good ventilation. Where reasonably practicable this should be achieved by the use of local exhaust ventilation and good general extraction.

Personal protective equipment

Respiratory protection

If workplace exposure limits are exceeded, a respiration protection approved for this particular job must be worn. Particle filter half mask, filter FFP1

Eye / face protection

Safety glasses with side protection shield (EN 166)

Hand protection

Sufficient protection is given wearing suitable protective gloves checked according to i.e. EN 374, in the event of risk of skin contact with the product. Before use, the protective gloves should be tested in any case for its specific work-station suitability (i.e. mechanical resistance, product compatibility and antistatic properties). Adhere to the manufacturer's instructions and information relating to the use, storage, care and replacement of protective gloves. Protective gloves shall be replaced immediately when physically damaged or worn. Design operations thus to avoid permanent use of protective gloves.

Other

Light protective clothing

Environmental exposure controls

Do not allow to enter drains or water courses.

SECTION 9: Physical and chemical properties

9.1 Information on basic physical and chemical properties

Delayed and immediate effects as well as chronic effects from short and long-term exposure Inhalation of dusts may irritate the respiratory tract. Contact with the skin and eyes may cause mechanical irritation.

11.2 Information on other hazards

Endocrine disrupting properties No data available. Other information No data available

SECTION 12: Ecological information

12.1 Toxicity

Toxicity to fish (acute) No data available	
Toxicity to fish (chronic) No data available	
Toxicity to Daphnia (acute) No data available	
Toxicity to Daphnia (chronic) No data available	
Toxicity to algae (acute) No data available	
Toxicity to algae (chronic) No data available	
Bacteria toxicity No data available	

12.2 Persistence and degradability

No data available.

12.3 Bioaccumulative potential No data available.

12.4 Mobility in soil No data available.

12.5 Results of PBT and vPvB assessment

Results of PBT and vPvB assessment	
PBT assessment	The components of this product are not considered to be a PBT.
vPvB assessment	The components of this product are not considered to be a vPvB.

12.6 Endocrine disrupting properties No data available.

12.7 Other adverse effects

No data available.

12.8 Other information

Other information
Do not allow to enter drains or water courses.

SECTION 13: Disposal considerations

13.1 Waste treatment methods

Product

Waste code17 08 02gypsum-based construction materials other than those mentioned in 17 08 01The listed waste code numbers, according to the European Waste Catalogue, are to be understood as a recommendation. A final

EU safety data sheet

Trade name: einzA Mur

Product no.: 0075000

Current version : 2.0.0, issued: 28.04.2021

decision must be made in agreement with the regional waste disposal company.

Disposal of the product should be carried out in accordance with all applicable regulations following consultation with the responsible local authority and the disposal company in an authorised and suitable disposal facility.

Packaging

Residues must be removed from packaging and when emptied completely disposed of in accordance with the regulations for waste removal. Incompletely emptied packaging must be disposed of in the form of disposal specified by the regional disposer.

SECTION 14: Transport information

14.1 Transport ADR/RID/ADN

The product is not subject to ADR/RID/ADN regulations.

14.2 Transport IMDG

The product is not subject to IMDG regulations.

14.3 Transport ICAO-TI / IATA The product is not subject to ICAO-TI / IATA regulations.

14.4 Other information

- No data available.
- **14.5** Environmental hazards Information on environmental hazards, if relevant, please see 14.1 - 14.3.

14.6 Special precautions for user

Transport within the user's premises: Always transport in closed containers that are upright and secure. Ensure that persons transporting the product know what to do in the event of an accident or spillage.

14.7 Maritime transport in bulk according to IMO instruments

Not relevant

SECTION 15: Regulatory information

15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture

EU regulations

Regulation (EC) No 1907/2006 (REACH) Annex XIV (List of substances subject to authorisation)

In accordance with the REACH regulation (EC) 1907/2006, the product does not contain any substances that are considered as subject to listing in annex XIV, inventory of substances requiring authorisation.

REACH candidate list of substances of very high concern (SVHC) for authorisation

In accordance with article 57 and article 59 of the Reach regulation (EC) 1907/2006, this substance is not considered as subject to listing in annex XIV, inventory of substances requiring authorisation ("Authorization list").

Regulation (EC) No 1907/2006 (REACH) Annex XVII: RESTRICTIONS ON THE MANUFACTURE, PLACING ON THE MARKET AND USE OF CERTAIN DANGEROUS SUBSTANCES, MIXTURES AND ARTICLES

The substance is not subject to the provisions of annex XVII (restriction entries) of the Reach regulation (EC) 1907/2006.

Directive 2012/18/EU on the control of major-accident hazards involving dangerous substances

This substance is not subject to Part 1 or 2 of Annex I

National regulations

Other national regulations

Adhere to national regulations for proper handling and use of hazardous materials. Use appropriate personal protective equipment.

15.2 Chemical safety assessment

A chemical safety assessment has not been carried out for this mixture.

SECTION 16: Other information

Sources of key data used to compile the data sheet:

Regulation (EC) No 1907/2006 (REACH), 1272/2008 (CLP) as amended in each case. The data sources used to determine physical, toxic and ecotoxic data, are indicated directly in the corresponding section.

Directives 2000/39/EC, 2006/15/EC, 2009/161/EU, (EU) 2017/164.

National Threshold Limit Values of the corresponding countries as amended in each case.

Transport regulations according to ADR, RID, IMDG, IATA as amended in each case.

Creation of the safety data sheet
